

Project Design Phase-II Data Flow Diagram & User Stories

Date	15 July 2026
Team ID	
Project Name	Plugging into the Future: An Exploration of Electricity Consumption Patterns
Maximum Marks	4 Marks

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

User Stories

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance Criteria	Priority	Release
Energy Analyst	View Dashboard	USN-1	As an Energy Analyst, I want to view the electricity consumption dashboard so that I can analyze state-wise electricity usage.	Dashboard loads successfully with all visualizations.	High	Sprint-1
Energy Analyst	State-wise Analysis	USN-2	As an Energy Analyst, I want to compare electricity consumption across Indian states.	State comparison chart is displayed correctly.	High	Sprint-1
Energy Analyst	Year-wise Analysis	USN-3	As an Energy Analyst, I want to compare electricity consumption between 2019 and 2020.	Year filter updates all charts correctly.	High	Sprint-1
Energy Analyst	Regional Analysis	USN-4	As an Energy Analyst, I want to analyze electricity consumption region-wise.	Region-wise dashboard displays accurate values.	High	Sprint-1
Energy Analyst	Quarterly Analysis	USN-5	As an Energy Analyst, I want to view quarterly electricity usage trends.	Quarterly chart updates correctly.	Medium	Sprint-2
Energy Analyst	Monthly Analysis	USN-6	As an Energy Analyst, I want to analyze monthly electricity consumption trends.	Monthly line chart displays correct data.	Medium	Sprint-2
Government Official	Lockdown Analysis	USN-7	As a Government Official, I want to compare electricity consumption before and during the COVID-19 lockdown.	Lockdown comparison dashboard loads correctly.	High	Sprint-2

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance Criteria	Priority	Release
Government Official	Top & Bottom States	USN-8	As a Government Official, I want to identify the highest and lowest electricity-consuming states.	Top-N and Bottom-N charts display correctly.	High	Sprint-2
Business User	Story Dashboard	USN-9	As a Business User, I want to navigate through the Tableau Story to understand insights easily.	Story points open sequentially without errors.	Medium	Sprint-3
Administrator	Data Refresh	USN-10	As an Administrator, I want to refresh the dataset when new data becomes available.	Dashboard updates after refresh without errors.	Medium	Sprint-3
Administrator	Publish Dashboard	USN-11	As an Administrator, I want to publish the dashboard to Tableau Public so users can access it online.	Public link opens successfully with all dashboards.	High	Sprint-3
Administrator	Export Reports	USN-12	As an Administrator, I want to export dashboard reports for presentations and documentation.	Reports can be exported successfully.	Low	Sprint-3
